specifically for the Cambridge Primary Science curriculum framework. This Activity Book for Stage 5 contains exercises to support each topic in the Learner's Book, which may be completed in class or set as homework.

Exercises are designed to consolidate understanding, develop application of knowledge in new situations, and develop Scientific Enquiry skills. There is also an exercise to practise the core vocabulary from each unit.

This is the first book to address moral reasoning and socioscientific discourse. It provides a theoretical framework to reconsider what a "functional view" of scientific literacy entails, by examining how nature of science issues,
