For amperage, choose the amperage at which to charge the battery. Everstart chargers equipped with a 12-amp charge capacity will also have the ability to set the amperage at a lower, "trickle" charge and "medium" charge setting. Slide the switch to a 2-amp charge or "trickle" charge, as this is the most effective means of charging your battery.

Earth Day celebrates our beautiful planet and calls us to act on its behalf. Some people spend the day planting flowers or trees. Others organize neighborhood clean-ups, go on nature walks, or make recycled crafts. Readers will discover how a shared holiday can have multiple traditions and be celebrated in all sorts of ways.

Are you looking to venture into the knife making business but don't know where to start from? Or are you looking to start making knives for personal or commercial purposes? Whatever the case may be, this book is the right guide to perfect your aspirations. Knife making is simply the art of making knives for different purposes including cutting things such as food items, cotton, foam, and so much more. Although the process of making knives is technical and requires a bit of skill, it is still very learnable in a short period. There are different types of knives including handmade ones and the ones made in factories. Handmade knives are much more preferable and most people argue that they supersede the ones made in factories. If you seek to delve into the craft of making knives, then you can create your homemade knives for personal use or to sell; you can even transform a space in your home into a knife making workspace. This book, *Knife Making Book for Beginners*, is packed with well-detailed information about everything that has to do with knife making. With this guide, you can easily become a knife making professional in no time. The art of making knives requires you to have a budget
