" Irresistible is a fascinating and much needed exploration of one of the most troubling phenomena of modern times. " —Malcolm Gladwell, author of New York Times bestsellers David and Goliath and Outliers " One of the most mesmerizing and important books I ' ve read in quite some time. Alter brilliantly illuminates the new obsessions that are controlling our lives and offers the tools we need to rescue our businesses, our families, and our sanity. " —Adam Grant, New York Times bestselling author of Originals and Give and Take Welcome to the age of behavioral addiction—an age in which half of the American population is addicted to at least one behavior. We obsess over our emails, Instagram likes, and Facebook feeds; we binge on TV episodes and YouTube videos; we work longer hours each year; and we spend an average of three hours each day using our smartphones. Half of us would rather suffer a broken bone than a broken phone, and Millennial kids spend so much time in front of screens that they struggle to interact with real, live humans. In this revolutionary book, Adam Alter, a professor of psychology and marketing at NYU, tracks the rise of behavioral addiction, and explains why so many of today's products are irresistible. Though these miraculous products melt the miles that separate people across the globe, their extraordinary and sometimes damaging magnetism is no accident. The companies that design these products tweak them over time until they become almost impossible to resist. By reverse engineering behavioral addiction, Alter explains how we can harness addictive products for the good—to improve how we communicate with each other, spend and save our money, and set boundaries between work and play—and how we can mitigate their most damaging effects on our well-being, and the health and happiness of our children. Adam Alter's previous book, Drunk Tank Pink: And Other Unexpected Forces that Shape How We Think, Feel, and Behave is available in paperback from Penguin.

The sweetest lies are the most seductive... Eleven years ago, I fell in love with Alex Thorne. He was beautiful, charming, sexy, and the best lover I'd ever had. He's also a bloody liar. Every word that comes out of his mouth is a half-truth, a con, or an evasion. Now I find out my dream job at a university in America is his way of pulling me back into his world. I will never, never fall under the spell of the British Bastard again. Catriona MacTaggart is the one that got away. The Scottish lass has fire in her soul and in her eyes, especially when she punches me. I can handle that. Maybe the truth and I do have a different sort of relationship, but I've never lied about my feelings for Cat. I'll do whatever it takes to get her back, even if it means deceiving her. Alex still knows exactly how to get under my skin, and despite all my intentions, I still can't resist that body and that smile. Maybe it's time I turn the tables and seduce the seducer, to finally solve the mystery he doesn't want me to unravel. Who is Alex Thorne?

Danielle Steel's forty-seventh bestselling novel is very much about the tides of our times, changes and responsibilities in the workplace pull two people in different directions, sweeping them into new lives and changed worlds----. Irresistible Forces For fourteen years, Steve and Meredith Whitman have sustained a marriage of passion and friendship - despite the demands of two all-consuming careers. Meredith, an investment banker, has achieved partnership in one of Wall Street's top firms. Steve A gifted physician, chose an urban trauma ward over the big money he could have earned elsewhere. The only thing missing in their lives is children. Steve longs for them. But Meredith keeps putting off motherhood, saying she isn't ready and doesn't have time. Not yet. Especially now that she has been offered an extraordinary opportunity, a chance to reach for the brass ring - in San Francisco, three thousand miles away. Meredith is thrilled and surprised when Steve urges her to accept a top position at an exciting young high-tech company. Traditionally, men's careers forces families to move to new cities, compelling their wives to abandon friends, home, and lives to follow. But Steve is more than willing to uproot himself. Saying he'll join her as he can find a new job himself, they can begin their family at last. Neither Steve nor Meredith had reckoned on the frustrations of a bi-coastal marriage, as Steve's job keeps him in New York for months longer than planned. Weekends together, their lifeline, fall prey to their hectic schedules. Alone in San Francisco, Meredith is spending long hours at the office with her boss, charismatic entrepreneur Callan Dow. Steve working late shifts at the hospital, grabbing an occasional dinner with a new colleague, a doctor raising a daughter on her own. Almost unnoticed, Steve and Meredith have begun living separate lives in increasingly separate worlds. And despite the best of intentions, irresistible forces begin to tear their lives and hearts apart. With unerring insight, Danielle Steel explores what happens when lives that fit together like delicately balanced puzzles are shifted, changed, and drift apart. Only time can tell who and what they will become as life sweeps them onward and deposits them on new, sometimes frightening, and often exciting shores. Who survives, is at the core of Irresistible Forces.

The most significant conquest of the twentieth century may well have been the triumph of American consumer society over Europe's bourgeois civilization. It is this little-understood but world-shaking campaign that unfolds in de Grazia's account of how the American standard of living defeated the European way of life and achieved the global cultural hegemony that is both its great strength and its key weakness today. Tracing the peculiar alliance that arrayed New World salesmanship, statecraft, and standardized goods against the Old World's values of status, craft, and good taste, de Grazia describes how all alternative strategies fell before America's consumer-oriented capitalism--first the bourgeois lifestyle, then the Third Reich's command consumption, and finally the grand experiment of Soviet-style socialist planning.--From publisher description.

A fresh look at the earliest Christian movement reveals what made the new faith so compelling...and what we need to change today to make it so again. Once upon a time there was a version of the Christian faith that was practically irresistible. After all, what could be more so than the gospel that Jesus ushered in? Why, then, isn't it the same with Christianity today? Author and pastor Andy Stanley is deeply concerned with the present-day church and its future. He believes that many of the solutions to our issues can be found by investigating our roots. In Irresistible, Andy chronicles what made the early Jesus Movement so compelling, resilient, and irresistible by answering these questions: What did first-century Christians know that we don't—about God's Word, about their lives, about love? What did they do that we're not doing? What makes Christianity so resistible in today's culture? What needs to change in order to repeat the growth our faith had at its beginning? Many people who leave or disparage the faith cite reasons that have less to do with Jesus than with the conduct of his followers. It's time to hit pause and consider the faith modeled by our first-century brothers and sisters who had no official Bible, no status, and little chance of survival. It's time to embrace the version of faith that initiated—against all human odds—a chain of events resulting in the most significant and extensive cultural transformation the world has ever seen. This is a version of Christianity we must remember and re-embrace if we want to be salt and light in an increasingly savorless and dark world.

He presents twelve practical proven steps to develop a church God wants to bless, including ways to help people become part of a community, develop a culture of serving, turn visitors into regular attenders, and much more. This short, easy-to-read book is one pastors will want to share with their leadership team.
