FROM his debut performance in 1958 to London Palladium and household name status, one-time ventriloquist Ken Dodd OBE, brings joy and laughter to millions. He appeals to all ages with his own creation, the delightful Diddymen, as well as his variety shows including his singing and most off all his trademark rapid joke telling.

This is the first complete biography of the last of the great British comedians. A new generation of fans and comedians, including Johnny Vegas, Victoria Wood and Vic Reeves, are now rediscovering Dodd's unique talents. Dodd has a huge and fiercely loyal fanbase and is still touring the country, performing in packed venues an average of two nights a week with his legendary four-hour sets. 'I do it because that is what I do. I do it because that is what I am,' he said, when asked why he continues with this punishing schedule. Ken Dodd's career has spanned over five decades as he went from singer to actor, and presently, most famously, comedian. He is considered the last, great, music-hall-inspired variety comic, but what drives this man whose career has been tainted by hardship? Dodd still lives in his childhood home of Knotty Ash and has never married, despite having two-long term fiancés. In 1989, his strange relationship to money culminated in a trial for tax evasion, and he was also famously stalked by a mystery woman. How did this feather-duster salesman become one of the most loved, though least-lauded, British comedians of all time? Stephen Griffin interviewed friends, colleagues and fellow comedians to get inside the mind of the original Diddyman.

'I suffer from acute kleptomania. But when it gets bad, I take something for it.' Ken Dodd was a legend of British comedy. He launched his career in 1954, adopted his trademark 'tickling stick' two years later and went on to enjoy a sixty-year career as the nation's jester. Dodd's act was frenzied and zany, exploiting his saucer-eyed, buck-toothed appearance and deploying a repertoire of one-liners, whimsical and verbal inventions and liberal doses of saucy - but never dirty - jokes. Louis Barfe charts Dodd's life and extraordinarily long career, revealing him to be the last of the great variety acts - and a comic phenomenon who delighted his audiences across seven decades. Reviews for *Happiness and Tears*: 'The definitive account' *The Times*. 'An industriously thorough, entertaining biography' *The Spectator*. 'Sure to delight Dodd's many admirers' *TLS*. 'Fascinatingly odd' *Daily Express*. 'An absolute joy' *Choice*.

“ Jimmy Edwards was a Great British Entertainer ” Ken Dodd “ Not merely a peculiarly British comedian but an authentic English character ” *The Times* The holder of the Distinguished Flying Cross, in recognition of his World War Two career with the RAF, Jimmy Edwards came to fame as an exuberant and bombastic, trombone-playing comedian in the 1940s, with early success at London's Windmill Theatre. He went on to star on radio in *Take It from Here* and on television in *Whacko!* as the cane-happy headmaster of a run-down school for the sons of gentlemen. He was definitely politically incorrect and audiences loved him for it. While Jimmy authored two autobiographies, *Wake Up at the Back There!*: It's Jimmy Edwards is the first book-length study of the comedian, providing both a full biography and a critical appraisal. For the first time, the full Jimmy Edwards story is told, with documentation on his relationship with his family, his domestic life, his “outing” as gay, and the man in his life. Jimmy Edwards was a complex human being, who embraced alcoholism perhaps as a means of handling his homosexuality. Ultimately, the gay life proved more of a concern to Jimmy than to his audience, while the drinking helped create a persona that the same audience loved and accepted. Presently and sadly, it would seem that Jimmy's homosexuality has tended to diminish his legacy not only as a major British comedian but also as a genuine World War Two hero.

HOW DO YOU BEAT THE BULLIES AND THE BIGOTS? HERE'S HOW. The heart-breaking, inspirational (and very funny) story of the man who overcame so much, and won a very special place in a nation's heart. 'A proper delight to read: honest, revealing, human, and always, at its heart, funny.' NEIL GAIMAN \*\*\* In his long-awaited autobiography, Sir Lenny Henry tells the extraordinary story of his early years and sudden rise to fame. Born soon after his Jamaican parents had arrived in the Midlands, Lenny was raised as one of seven siblings in a boisterous working household, and sent out into the world with his mum's mantra of 'H'integration! H'integration! H'integration!' echoing in his ears. But 1970s Britain was a hard place, and a bewildering experience for a lone black teenager. A natural ability to make people laugh came in handy. At school it helped subdue the daily racist bullying. In the park, it led to lifelong friendships and occasional snogs. Soon, it would put him on stage at working men's clubs and Black Country discotheques -before an invitation to a TV audition changed his life for ever. \*\*\*BBC Radio 4 Book of the Week\*\*\*

When Simon Cadell announced to the world that he may have only days to live, it signalled the end of a twenty-year stage career that had just seen its finest hour-winning an Olivier Award for 'Travels With My Aunt'. The British public had fallen in love with the charms of Cadell as Jeffrey Fairbrother, part of the hugely successful sitcom 'Hi-de-hi!', constantly dodging the amorous advances of Ruth Madoc's Gladys Pugh. But behind the lop-sided smile lay a man full of nerves and insecurity about the looks that ultimately defined his television career. As the hapless civil servant Mr Dundridge, in 'Blott on the Landscape' he displayed perfect incompetence played to perfection, brought to triumph by his naked escape from the clutches of Lady Maud as played by Geraldine James. Equally adept at Shakespeare and Chekhov as he was with Whitehall-style farces, Cadell's was a highly respected stage career achieved via a relentless workload. His many appearances as Noel Coward earned him a reputation as the definitive Coward interpreter, something he had first turned his hand to at the Bristol Old Vic Theatre School. With access to family photographs and documentation, and sourced by numerous interviews, 'Simon Cadell: The Authorised Biography' tells for the first time the story of a fourth generation actor who oozed charm and had a zest for a life that was cut tragically short at the peak of his powers.

Ken Dodd is a national institution, yet very few people really know the man behind the famous 'tickling stick'. Now, for the first time, the Squire of Knotty Ash provides a rare insight into his life of laughter, talking about his career and those who inspired him.

In 1964, a single appearance on TV talent show 'Opportunity Knocks' made 'Parrotface' comedian Freddie Davies famous overnight. Spectacular success followed, stars such as Judy Garland, Cliff Richard, even Cary Grant, were fans. But when it all began to slip in the 1980s, Freddie became a producer and then forged yet another career as a series actor. 50 years on from his television debut, Freddie finally tells his own story, revealing for the first time the tragedy behind his early days in Salford and a family secret that rocked his world. He paints a vivid picture of a gruelling apprenticeship in the Northern clubs - revealing how 'Parrotface' spluttered into life.

Les Dawson was a Northern lad who climbed out of the slums thanks to an uncommonly brilliant mind. Married twice in real life, he had a third wife in his comic world - a fictional ogre built from spare parts left by fleeing Nazis at the end of World War II - and an equally frightening mother-in-law. He was down to earth, yet given to eloquent, absurd flights of fancy. He was endlessly generous with his time, but slow to buy a round of drinks. He was a mass of contradictions. In short, he was human, he was genuine, and that's why audiences loved him.
