## ~~Orality and Literacy~~ Monoskop

Orality is thought and verbal expression in societies where the technologies of literacy are unfamiliar to most of the population. The study of orality is closely allied to the study of oral tradition. The term "orality" has been used in a variety of ways, often

# Download File PDF Literacy And Orality

to describe, in a generalised fashion, the structures of consciousness found in cultures that do not employ, or employ minimally, the technologies of writing. Walter J. Ong's work was foundational for the study of orality, and ...

~~Gregory Nagy, Orality and Literacy~~

Generally, "literacy" is understood as the ability to read and write, while "orality" describes the primary verbal medium employed by cultures with little or no exposure to writing. A "great divide" is sometimes posited between them, assigning to each certain cognitive, social,

# Download File PDF Literacy And Orality

In Walter Ong's *Orality and Literacy*, he noted the differences between literate and illiterate cultures. Ong emphasized speech being the primary and more vital language used as opposed to written texts. Although speech is still prominent over writing, this current "high technology" age gives writing more weight on a scale of

~~Walter J. Ong - Wikipedia~~

Like all technologies, literacy has the

# Download File PDF Literacy And Orality

potential to deepen our appreciation of the world and ourselves. But it also has the potential to alienate us from lived reality. While homo sapiens started speaking language as long as 60,000 years ago, it only began writing down its speech within the past three or four thousand years of its history.
