The path of Grand Prix racing in America wound through raceways at Sebring, Riverside, Watkins Glen, Long Beach, and finally Caesars Palace in Las Vegas. At each stop, the influence of organized crime seemed no more than a handshake away. But at Caesars the vast crime syndicate appeared deeply involved in the operations of the luxury-branded resort. The Caesars Palace Grand Prix then culminated in an unholy alliance of the world capital of gambling, the mob, and the international czar of Formula One. During its four-year run of successive Formula One and CART IndyCar events, the race hosted the biggest names in motorsport--Mario Andretti, Bernie Ecclestone, Roger Penske, Chris Pook, Alan Jones, Nelson Piquet, Niki Lauda, Danny Sullivan, Bobby Rahal and Al Unser among them. The podium celebration of the inaugural Grand Prix put the convergence of alleged organized crime influences and auto racing on public display, while the years that followed provided their own curiosities. This book traces the intertwined threads through decades of accounts, extensive interviews, and the files of the FBI.

Since the Grand Prix ’ s start in 1950 just 33 men have achieved the accolade of F1 World Champion. For the first time, legendary F1 commentator Maurice Hamilton and award-winning photographers Bernard and Paul-Henri Cahier bring the heroes of this iconic sport together, in a stunning photographic portrayal of the poise, skill and winning mindset that separates the fast from the furious, the elite from the talented. With exclusive quotes from icons such as Lewis Hamilton and Nico Rosberg, and including Maurice ’ s historic interviews with the sport ’ s lost heroes – including James Hunt and Ayrton Senna – F1: The Champions is a beautiful tribute to the most ferocious of sports and the incredible sportsmen who drive at the edge in pursuit of greatness.

Given the presumed dominance of American sport, many fans throughout the hemisphere find it difficult to envision the role of sport beyond the confines of their own continent. And yet, world sport consists of so much more than the games Americans play and so much more than the stereotype of cricket for the elite and football for the working class. As worldwide sport continues to gain in popularity, we also see parallels to many aspects visible in North American sport, particularly celebrity and all its trappings and pitfalls. The success of athletes from other countries in basketball and ice hockey, and the proliferation of stars imported and now exported to and from North America, provides some better examples of sport’s international power. It also creates a very new kind of sport celebrity, albeit one that often shows a rather limited reach beyond that star’s own country or continent. Thus, rather than focusing on the Western Hemisphere, this collection of some of world sport’s most heralded celebrities (including stars of Motocross, surfing, distance running, and more) serves as a sort of passport to many places that make up our global sporting environment.

Now a venerable icon of Italian style, the internationally known quintessential scooter - the Vespa - was once a two-wheeled revolution, offering mobility to everyone. Today it has come to symbolize scootering status, style, and freedom. As Vespa reaches its 60s without showing a wrinkle, this book celebrates its decades of incomparable spirit. In glowing images and words, the book shows Vespa in its many guises—as the two-wheeled vehicle of the post-war economic boom; as the symbol of the forward-charging ideas of the 1960s; appearing in romantic films such as Roman Holiday; and promoted in delirious ads that claimed, “ Whoever Vespas, eats apples.” Decades of period ads and famous calendars are included, as well as technical and production information on every model ever built, including rare prototypes and variants. Each model is detailed in over 30 categories, from engine specs to production facts. Filled with stunning color photos and illustrations, the book is itself a stylish tribute to the iconic vehicle it celebrates. Author Giorgio Sarti knows Vespa, and this book is a thorough and thoroughly enchanting tribute to the scooter as it has sped through history, meaning something new to each generation, and in the process making its unique mode of personal transport synonymous with freedom. Officially licensed and includes a foreword from Piaggio Group President Roberto Colaninno.
