The yellow H represent your home point and moves along the line to show how much power you will need to get your drone back home. Flight Mode: There are three flight modes that can be displayed in the DJI GO 4 app: Positioning mode (P-mode): P Mode is when all the drones' sensors are active, so the drone should always be stable. This is the safest mode to the fly the drone in as if you take your hands off the control sticks then the drone will automatically brake and then hover in position.
