The Elements Of Legal Style [PDF, EPUB EBOOK]
A must-have for any legal writer. An excellent addition to the author's Dictionary of Legal Usage (former called Dictionary of Modern Legal Usage).

The Elements of Legal Style By Bryan A. Garner
ELEMENTS--THE REVOLUTION Garner's *Elements of Legal Style* is a treatise on writing--a how-to book for treating what ails legal writing. But it's not dry.

A new edition of the classic in legal writing covers the basics of the field with new examples that illuminate mechanics, word choice, structure, and rhetoric.

Offers practical advice on writing clearly, discusses diction, tone, and grammar, and reviews punctuation, syntax, capitalization, and format

This book provides a comprehensive guide to the essential rules of legal writing. Unlike most style or grammar guides, it focuses on the special needs of legal writers, answering a wide spectrum of questions about grammar and style -- both rules and exceptions. It also gives detailed, authoritative advice on punctuation, capitalization, spelling, footnotes, and citations, with illustrations in legal context. Designed for law students, law professors, practicing lawyers, and judges, the work emphasizes the ways in which legal writing differs from other styles of technical writing. Its how-to sections deal with editing and proofreading, numbers and symbols, and overall document design. Features: * Cautions on use of 500 stuffy phrases and needless legalisms, along with their everyday English translations * Details rules for 800 words with required prepositions in certain contexts * Explains the correct usage of more than 1,000 words that are often troublesome to legal writers * Gives tips on preparing briefs and other court documents, opinion letters and demand letters, research memos, and contracts * Provides model documents of all types of legal documents and pleadings Reviews 200 terms of art that take on new meanings in legal contexts

Admirably clear, concise, down-to-earth, and powerful--all too often, legal writing embodies none of these qualities. Its reputation for obscurity and needless legalese is widespread. Since 2001 Bryan A. Garner's *Legal Writing in Plain English* has helped address this problem by providing lawyers, judges, paralegals, law students, and legal scholars with sound advice and practical tools for improving their written work. Now the leading guide to clear writing in the field, this indispensable volume encourages legal writers to challenge conventions and offers valuable insights into the writing process that will appeal to other professionals: how to organize ideas, create and refine prose, and improve editing skills. Accessible and witty, *Legal Writing in Plain English* draws on real-life writing samples that Garner has gathered through decades of teaching experience. Trenchant advice covers all types of legal materials, from analytical and persuasive writing to legal drafting, and the book's principles are reinforced by sets of basic, intermediate, and advanced exercises in each section. In this new edition, Garner preserves the successful structure of the original while adjusting the content to make it even more classroom-friendly. He includes case examples from the past decade and addresses the widespread use of legal documents in electronic formats. His book remains the standard guide for producing the jargon-free language that clients demand and courts reward.

A comprehensive guide to legal style and usage, with practical advice on how to write clear, jargon-free legal prose. Includes style tips as well as definitions.

Since the 1987 appearance of *A Dictionary of Modern Legal Usage*, Bryan A. Garner has proved to be a versatile and prolific writer on legal-linguistic subjects. This collection of his essays shows both profound scholarship and sharp wit. The essays cover subjects as wide-ranging as learning to write, style, persuasion, contractual and legislative drafting, grammar, lexicography, writing in law school, writing in law practice, judicial writing, and all the literature relating to these diverse subjects.

This new edition of Garner's *Dictionary of Legal Usage* discusses and analyzes modern legal vocabulary and style more thoroughly than any other contemporary reference work. Since the first edition, Bryan A. Garner has drawn on his unrivaled experience as a legal editor to refine his position on legal usage. The new Third Edition remains indispensable: Garner has updated entries throughout, added hundreds of new entries and thousands of new illustrative quotations from judicial opinions andleading lawbooks, revised the selected bibliography, and expanded and updated cross-references to guide readers quickly and easily. A new preface introduces the reader to this edition and discusses content that has been newly incorporated. Influential writers and editors rely on Garner's *Dictionary of Legal Usage* daily. It is an essential resource for practicing lawyers, legal scholars, and libraries of all sizes and types, functioning as both a style guide and a law dictionary, guiding writers to distinguish between true terms of law and mere jargon and illustrating recommended forms of expression. Common blunders are discussed in ways that will discourage writers from any further use. The origins of frequently used expressions are described with engaging prose. Collectively, there is no better resource for approaching legal writing in a logical, clear, and error-free way.

The Elements of Legal Prose offers a brief yet comprehensive introduction to the study of legal prose, a special kind of writing with its own rhetorical emphasis. Specifically aimed at those whose vocation involves discourses governed by legal logic, this practical guide articulates the basic components and formats found in good legal writing. *The Elements of Legal Prose* approaches legal writing as a step-by-step process. In addition to covering legal definition and research, this book also includes discussions of style and ethics in this genre, as well as guidance for students applying to law school. *The Elements of Legal Prose* sets out quickly the special ways of thought and writing which must cover, in readable prose, a subject matter in which anything incomplete or inexact may have very serious consequences.

From a master teacher and writer, a fully revised and updated edition of the results-oriented approach to legal writing that is clear, that persuades--and that WINS. More than almost any profession, the law has a deserved reputation for opaque, jargon-clogged writing. Yet forceful writing is one of the most potent weapons of legal advocacy. In this new edition of *Writing to Win*, Steven D. Stark, a former lecturer on law at Harvard Law School, who has inspired thousands of aspiring and practicing lawyers, applies the universal principles of powerful, vigorous prose to the job of making a legal case--and winning it. *Writing to Win* focuses on the writing of lawyers, not judges, and includes dozens of examples of effective (and ineffective) real-life legal writing--as well as compelling models drawn from advertising, journalism, and fiction. It deals with the challenges lawyers face in writing, from organization to strengthening and editing prose; offers incisive ways of improving arguments; addresses litigation and technical writing in all its forms; and covers the writing attorneys must perform in their daily practice, from email memos to briefs and contracts. Each chapter opens with a succinct set of rules for easy reference. With new sections on client communication and drafting affidavits, as well as updated material throughout, *Writing to Win* is the most practical and efficacious legal-writing manual available.

In this groundbreaking book, Scalia and Garner systematically explain all the most important principles of constitutional, statutory, and contractual interpretation in an engaging and informative style with hundreds of illustrations from actual cases. Is a burrito a sandwich? Is a corporation entitled to personal privacy? If you trade a gun for drugs, are you using a gun in a drug transaction? The authors grapple with these and dozens of equally curious questions while explaining the most principled, lucid, and reliable techniques for deriving meaning from authoritative texts. Meanwhile, the book takes up some of the most controversial issues in modern jurisprudence. What, exactly, is "textualism?" Why is "strict construction" a bad thing? What is the true doctrine of "originalism?" And which is more important: the spirit of the law, or the letter? The authors write with a well-argued point of view that is definitive yet nuanced, straightforward yet sophisticated.
