ASET Continuing Education Units (ASET-CEUs) are awarded to programs who apply to ASET for this designation and who maintain the highest quality of education for the profession. Attendees are then awarded ASET-CEUs for the number of hours in which they participate in a particular program. These ASET-CEUs can then be used to document continuing education for recertification or professional development within a hospital or healthcare setting.

Courses - ASET - The Neurodiagnostic Society

This course will begin with introductory concepts and move to advanced technical descriptions. This course is designed for Neurodiagnostic technologists who want more formal instruction and is ideal for those new to the field, anyone preparing for their EEG exam, or technologists who want to brush up on their skills.
